*Mediterranean  
Getaway*

*Spring 2022 - Explore Now*

Travel with us to the Mediterranean — with its eye popping blue  
water and gleaming white-washed buildings.

Our new Spring collection evokes the precious history of Greece  
— its concept of *beauty, health, endurance, strength, victory and  
wisdom.*

*Featured Looks*

Hand-drawn, overlapping, large scale elements are infused in our prints — *inspired by Aristeidis Lappas*, a rising star in the Athenian art scene who explores multi-layered compositions with a cheerful use of color.
